

drone dash

FPV Quadcopter Racing Game

Equipment: 1 desk, 1 PC, 2 chairs,
2 Phantom drones, 2 iPhones,
2 hacosco

Players: 1vs1

Approx. field size: 15-20m x 10m

Rules:

Players wearing HMD race drones on the marked with physical checkpoints racing track.

The goal of the race is to fly through the checkpoints and reach the finish line before your opponent.

Through the HMD the First-Person View from drones' cameras is provided to the players, giving the feeling of flying and experiencing the thrill of the race.
